Jeff Miller, Producer

FOR IMMEDIATE RELEASE

TRAILER AND ARTWORK RELEASED FOR NEW WEREWOLF HORROR FEATURE *BYTE*

Trailer and artwork have dropped for brand-new werewolf horror thriller *Byte*. The film had a successful world premiere in March at HorrorHound Film Festival and will be available April 18th on streaming platforms to coincide with a theatrical screening in Cleveland, Ohio, where it was filmed.

In a concept generated for today's Gen Z audience, the film follows a group of college-aged friends who become concerned when one of them discovers a mysterious phone app that turns users into werewolves. Meanwhile, a spate of violent killings plagues the city.

Byte stars Kayden Bryce (*Just Another Dream*), Marshall Vargas, Carlie Allen, Stephen Nicholas Knight, Debbie Scaletta, Bill Schroeder, Cali Jacobs, Candela Orio, Amanda Yanzanny, and Chris Hahn.

Eddie Lengyel (*Mother Krampus 2*, *American Poltergeist: The Curse of Lilith Ratchet*) directs and produces from his screenplay. Fellow producer is Marie Lengyel. Jeff Miller (*Ouija House*) and Ronnie D. Lee (*The Toybox*) executive produce. Mick Kunz shot and edited the film.

"I think our concept of 'technology meets werewolves' is something audiences will dig," says Miller. "Grab a pizza, sit back, and enjoy!"

Byte is a co-production between Millman Productions, Fright Teck Pictures, and Ron Lee Productions. The official website is at www.facebook.com/bytemovie.

Miller's Millman Productions is handling sales and licensing.
